NOTICE OF PRIVACY PRACTICES
Effective April 1, 2015

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. PLEASE REVIEW IT CAREFULLY.

PRIVACY AND YOU

Your health information is personal and private. The County Medical Services Program (CMSP) must keep your health information private. We get information about you when you apply for benefits. Your doctors, dentists, clinics, labs, and hospitals send information to us when they ask us to approve and pay for your health care. We must give you this Notice of the law and how we keep your health information private and your rights.

HOW WE MAY USE AND SHARE YOUR INFORMATION

CMSP and people that work with us must obey laws on how we use and share your information. Your name, address, personal facts, the medical care you had, your medical history, and your medical records can only be used and shared for reasons related to operating CMSP. Such reasons include:

- To approve eligibility and medical or dental assistance
- Establishing ways to pay for health care
- To approve, provide, and pay for medical and dental services
- To investigate or prosecute cases involving CMSP (such as fraud)

The examples below show how we may use and share your health information for treatment, payment, and health care operations:

For treatment: CMSP may need to approve in advance medical or dental care you may need. We will receive information from and share it with the necessary people to make sure you get the care you need.

For payment: CMSP and others that work with us receive, review, approve, process, and pay for health care bills sent to us for your medical or dental care. When we do this, we share information with the doctors, dentists, clinics, and others who bill us for services. We may send bills sent to us to other health plans or groups that are responsible for payment.

For health care operations: We may use your health care records to check the quality of the health care services you receive. We may also use them in audits, fraud and abuse programs, planning, and managing CMSP.

OTHER USES FOR YOUR HEALTH INFORMATION

How else can we use or share your health information? We are allowed or required to share your information in other ways – usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information see:

We may be forced to give out your health information when ordered by the court. We will give out information voluntarily to a court or lawyer if it is related to operating CMSP. Such cases may involve fraud or actions to get money back from legally responsible third parties, when CMSP has paid your medical bills.

You or your doctor, dentist, hospital, etc. may appeal CMSP decisions made about bills for services for you. Your health information may be used to make decisions about an appeal.

We may share health information about you for certain public health purposes, such as preventing disease, helping with product recalls, reporting adverse reactions to medications, or reporting suspected abuse, neglect or domestic violence.

We may share your information for health research. We will share information about you if state or federal laws require it, including with the U.S. Department of Health and Human Services if it wants to see that we’re complying with federal privacy law.
