

IMPORTANT PROVIDER NOTICE

Two New CMSP Aid Codes

July 28, 2025

The County Medical Services Program (CMSP) has improved and expanded the enrollment process for the CMSP benefit program. Previously, applicants could only apply for CMSP benefits through County Social Services Departments. Now, applicants have the option to apply through participating enrollment clinics.

Two new CMSP aid codes have been established to identify CMSP members that applied at an enrollment clinic. Providers contracted with CMSP are responsible for verifying both a CMSP member's enrollment status and SOC requirement before billing CMSP for services.
